鄭曉的《吾學編》是明代第一本紀傳體當代史，開創了明人私修本朝史的風潮。過往學者對於《吾學編》在明代史學史的地位過分低估。報告將會首先從鄭曉的仕途入手，分析鄭曉的政治經歷與其史學的關係。其次，將會以《吾學編》為中心，兼以鄭曉的其他著作，分析鄭曉對當代史的歷史書寫的特點，以及其如何影響明代史學的發展。

Zheng Xiao's *Wuxuebian* ("My Learning") is the first biography of contemporary history in the Ming period, which created a trend of private revision of the history of the Ming Dynasty. Scholars have overestimated the status of *Wuxuebian* in the history of Ming Dynasty historiography. The seminar will start with Zheng's career experience and analyze the relationship between Zheng's political experience and his historiography. Second, with *Wuxuebian* as the center and Zheng's other works, the seminar will analyze the characteristics of Zheng Xiao's writing of contemporary history and how it influenced the development of historiography in Ming period.
